

Our mission is to educate, innovate and offer the most advanced and comprehensive treatment options for hip pain.

Featured Comeback Story

Spring is in the air! The American Hip Institute team is honored to help Sherry Jopp, a registered, certified wildlife habitat beekeeper, get back to her hive!

“Doctor Domb is a brilliant physician who has given me the ability to walk again.. because he saves the world one hip at a time, I'm once again able to save one bee at a time!! Great physician, great team! The best or nothing!”

- Sherry

Educational Information for Your Joint Health

Favorable Patient Outcomes with Hip Arthroscopy

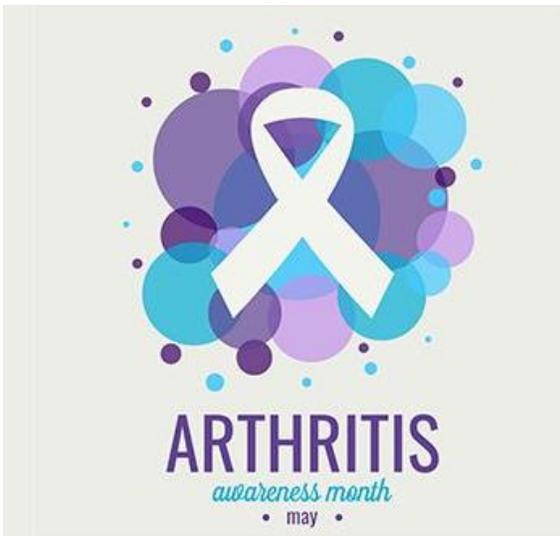

In a recent American Hip Research Foundation publication, we found that patients with borderline dysplasia and ligament tears showed significant improvement after hip arthroscopy surgery.

May is Arthritis Awareness Month. Help us find a cure for joint pain and arthritis with your donation to orthopedic research. The mission of the American Hip Institute Research Foundation is to educate, innovate and offer the most advanced and comprehensive treatment options for injuries of the hip joint. The American Hip Institute Research Foundation is a non-profit foundation dedicated to education, research, and cutting-edge minimally-invasive treatment for patients with hip pain.
